Item 4) Accounting
Financials: (Accountant Brooks not present); reviewed--no questions

Warrants: Director Gravelle questioned the warrant payable for legal counsel, as the amount written was different—typo, GM Poggi will correct the warrant.

Item 5) Chiefs Report: (Chief Webb)

California Fire Assistance Agreement: Chief Webb gave an overview of the current policy. He also informed the Board that while we pay our volunteers a flat stipend per call, other districts, such as Linda, pay their volunteers an hourly amount for out of district calls (reimbursable cost recovery from CalOES, CalFire or the federal government). This change would require input from Accountant Brooks, a resolution by the Board of Directors, etc. Chief Webb and GM Poggi will attend the CalOES meeting regarding the changes in policy and report back to the Board.

Chief Webb informed the Board we are still waiting for the State for the purchase of the SCBAs—we currently do not have enough SCBAs for the new engine—the regulators were mixed up, which can create a liability for the District. Chief Webb will obtain pricing for the purchase of new SCBAs before the grant funds are received.

Chief Webb told the Board that the warrant repair work for Engine 61 has been completed and the Engine is scheduled to be picked up on Wednesday. Also, on the engine just purchased from OES, there is an issue with the foam system, a plumbing leak, and a problem with the rear arrow stick. They will take it down and drop it off for repairs when they pick up Engine 61.

Item 6) Bid for painting new OES fire engine: Chief Webb to obtain bids to present to the Board, as some directors feel the cost may be prohibitive—due to the amount of the frame that would need to be repainted. He will also obtain bids for decals to match the rest of the fleet.

Item 7) Approve credit card issuance for obtaining fuel for fire engines—DC DeSena advised the Board to update the District’s Administrative Manual with a purchase policy—Chief Webb will check with other districts for verbage to use as a template.

Director Gravelle motioned to approve two (2) credit cards be issued for fuel purchases
    Second: Birney
    Motion passed

Item 8) Approve credit card issuance for purchases for the District—GM Poggi explained this would typically be used for purchases of supplies/equipment when a discount can be obtained for ordering online, or if items are only available through online ordering. She will ask Umpqua Bank for the process to apply for a credit card for the District. Tabled for April meeting.
Item 9) Volunteer’s Report—David Lopez reported that we still have three volunteers who are able to respond to calls. One volunteer stopped showing up for training, but informed David that he is back in the area and wants to get back in the program.

Item 10) Issue warrant for $222.68 to bring petty cash account up to the $2,000 maximum as noted in the Administrative Manual
   Director Birney made a motion to issue a warrant for $222.68 to bring the petty cash account to $2,000
   Second: Kinkle
   Roll call vote: Biggs, Birney, Gravelle, Kattuah, Kinkle—Aye
   Motion passed

Item 11) General Manager’s Report

   · Conflict of Interest policy submitted to Yuba County was approved by the Board of Supervisors—all Form 700’s need to be submitted to the District’s GM effective immediately

   · GM Poggi is working on an updated review for LAFCO—required by April 3, 2015

   · The FASIS Pharmacy Benefit Management program went into effect February 2, 2015—Captain Drexel will cover the program in her training with the volunteers

   · The 2014 audit has been submitted to Jensen Smith

Item 12) Set resale price for newly purchased OES engine for insurance purposes and Five Year General Plan—Chief Webb recommended setting the value at $250,000 due to the cost of replacement
   Motion made by Birney to set the value of the OES engine for insurance purposes to $250,000
   Second: Kinkle
   Roll call vote: Biggs, Birney, Gravelle, Kattuah, Kinkle—Aye
   Motion passed

Item 13) Station #63 update: Director Gravelle informed the Board that he spoke with the engineer who worked on the Bangor station, and due to a job change, he is not interested in reviewing the plans. He recommended hiring a consultant to move forward. GM Poggi to request a list of architects from Yuba County in order to proceed. DC DeSena advised the Board that they need to check with the County building department: is there a difference in the permit process for an unmanned station used only for equipment storage? Would it require a complete upgrade of the entire building if the use changes in the future? Chief Webb to discuss these issues with a member of the County’s planning department.

   It was also discussed that the financials reflect capital replacement funds in a
way that separates mitigation, capital replacement, restricted vs unrestricted funds, rather than showing a combined balance sheet, as when Accountant Brooks isn’t available, it is not possible to obtain this information. Tabled for discussion with Accountant when next available.

Item 14) Board and Staff Members’ Reports—Director Biggs reported the next JPA meeting is scheduled for Wednesday, March 25, 2015, and that another JPA member had requested that the MOU with Yuba County for dispatch services be placed back on the JPA agenda.

DC DeSena reported that the SRA fees paid are being used for grants for projects—mostly through Fire Safe programs—for roads, chipping program, fuel breaks, and defensible space assistance for special needs residents.

Item 6) Volunteer’s Report—David Lopez reported that the previous Saturday, volunteers from our District trained with the other foothill district pumping water out of ditches (off Kibbe Road) and shuttling to engines (then released back into the ditches. Training went well, pumping time 4 ½ minutes to fill; 4 minutes to empty, but 30 minutes turnaround due to distance. Photos and video were made of the training exercise.

Item 7) General Manager's Report

• Discussed mowing district's property on Marysville Road, as grass is nearly waist high in areas. GM Poggi has not been successful in locating a company that can mow the property and has acceptable insurance coverage. Chairperson Kattuah to inquire into a company that rents sheep/goats to eat down the grasses and weeds. Possibly look into spraying early next spring to prevent this issue.

Item 8) Station #63 update: GM Poggi informed the Board that the original Condition Use Permit (CUP) can be used, per Yuba County Planning Department. The site will be zoned as a public facility. They no longer provide lists of engineers to the public. Next step is to talk to the Building Department about requirements. GM Poggi also to talk to legal counsel regarding architects, as
the plans will need to be revised. Are we required to go out to bid again or can we use the original architect?

The MOU had been signed by our District, Dobbins/Oregon House, and Camptonville. Foothill Fire will discuss it at their next board meeting; and Smartsville said they had not received the document.

· Financials: It was noted that beginning with the new fiscal year in July, there will be a different format. Accountant Brooks reminded the Directors to keep the replacement fund sheets for future reference. She also explained the balance in account 4900 was due to $5,000 for retired vehicle that was sold, plus old warrants that were not cashed by the payees. And account 6900 includes the cost of $493.50 for bay door maintenance, which should be moved to fire station maintenance.

· Warrants: The warrant to JR Fire Tools was questioned—this was part of the grant funds for wildland fire suppression: hydration packs, hose tools, training books and two radios. Director Gravelle informed the Board that warrant to Schwartz Diesel Power could not be approved without a vote due to the amount, as vehicle maintenance expenses are over budget. Motion by Birney for the warrant to Schwartz Diesel Power, Control #52-32951, in the amount of $3,552.68, to be placed on the agenda for a motion and approval tonight. Second: Gravelle

GM Poggi informed the Board that per the election education seminar she recently attended, the actual election costs now run $20,000 to $40,000 per person up for re-election

Item 7) Chief’s Report—Chief Webb explained the ISO has changed their ratings, as they now have split classifications. He will contact them for an explanation of the new ratings system. He also stated the District needs more volunteer firefighters.

Item 8) CFAA—Chief Webb stated if the District wants to participate in the California Fire Assistance Agreement, we would need an MOU to the OES and a resolution stating that we pay volunteers an hourly rate. Chief Webb recommends that the District participate in the CFAA—however the Board has questions about whether this makes the volunteers employees or independent contractors, tax withholding requirements, etc.

Motion by Gravelle to move forward with the CFAA participation
   o Birney
      Aye—Biggs, Birney, Gravelle, Kattuah; Absent—Kinkle
      Motion passed

Additional discussion regarding payroll taxes tabled

Item 9) SCBAs—Chief Webb explained the District has multiple generations of SCBA equipment, 4 of 18 will be outdated within the next year. The District doesn’t have enough Bas, and some face masks do not work with some Bas—this presents a liability issue. He obtained a bid for 18 of the new, higher pressure SCBAs plus and RIC (Rapid Intervention Crew) pack in the amount of $120,000 (approximately $6,000 each which includes the harness, bottle and a spare). Chief Webb stated the new SCBAs are lighter, fit better, have better lighting, better communication capability, wider masks for better vision, and an observer can tell how much air is left. Chief Webb recommended we not try to phase in a few new systems at a time, as they are too different from our existing equipment. Director Birney asked for a display and demo to justify the cost. Director Gravelle asked if grant funds are available for the purchase, per Chief Webb, the new grant period doesn’t begin until November and grants would not be awarded until January. The Board asked about selling the old units—Chief Webb recommended keeping 6, and selling the other 12.

Motion by Birney to purchase 18 (eighteen) of the new MSA SCBA units and RIC pack for an amount not to exceed $122,000.
A Request For Proposals (RFP) is required.

Item 10) Painting new OES engine--Chief Webb stated that Engine 63 (OES engine) is still at Valley Fire—the control head for the red lights needs repair. Valley Fire estimated it would cost $12,000-$15,000 to repaint the entire engine. Chief Webb is still awaiting estimates to change out the roll-up doors to stainless steel. No action taken.

Item 11) District Credit Card—GM Poggi spoke with a senior accountant with Yuba County and the District’s legal counsel, and was informed that it is not a good business practice to issue credit cards for District business due to accounting and accountability issues. Director Gravelle questioned if that opinion also applies to the fuel card previously approved—per GM Poggi, yes. No motion made; item not considered.

Item 12) Amend Administrative Manual authorizing CalFire purchasing authority with District credit card. No motion; item not considered
